# WEEKLY NEWS

Dear Kindergarten Families,

Welcome to our eLearning Newsletter! This will be our learning platform for sending along important learning goals for the week ahead. Please look for an email every Monday morning and save it as it will have all of the resources needed for that learning week. If you have questions, please email your child's classroom teacher directly. We are learning about distance learning right along with you so let's remember to give everyone grace! We sincerely miss being in the classroom seeing your children everyday!
